[1] "Network" refers to a specified group of physicians, hospitals, medical clinics and other health care providers that your plan may require you to use in order for you to get any coverage at all under the plan, or that the plan may encourage you to use because it may pay more of your bill if you use their network providers (i.e., go in-network) than if you don't (i.e., go out-of-network).

[2] "Deductible Type" indicates whether the deductible period is "Calendar Year" (January 1 through December 31) or "Benefit Year" (i.e., based on a benefit year beginning on the policy's anniversary date) or if the deductible is based on other requirements such as a "Per Accident or Injury" or Per Confinement".

[2a] "Deductible" means the amount you will have to pay for allowable covered expenses under a health plan during a specified time period (e.g., a calendar year or benefit year) before the carrier will cover those expenses. The specific expenses that are subject to deductible may vary by policy. Expenses that are subject to deductible should be noted in boxes 8 through 30.

[2b] "Individual" means the deductible amount you and each individual covered by a non-HSA qualified policy will have to pay for the allowable covered expenses before the carrier will cover those expenses. "Single" means the deductible amount you will have to pay for allowable covered expenses under an HSA-qualified health plan when you are the only individual covered by the plan.

[2c] "Family" is the maximum deductible amount that is required to be met for all family members covered by a non-HSA qualified policy and it may be an aggregated amount (e.g., "$3,000 per family") or specified as the number of individual deductibles that must be met (e.g., "3 deductibles per family"). "Non-single" is the deductible amount that must be met by one or more family members covered by an HSA-qualified plan before any covered expenses are paid.

[3] "Out-of-pocket maximum" means the maximum amount you will have to pay for allowable covered expenses under a health plan.

[4] Medical office visits include physician, mid-level practitioner, and specialist visits.

[5] Well baby care includes an in-hospital newborn pediatric visit and newborn hearing screening. The hospital copayment applies to mother and well-baby together: there are not separate copayments.

[6] Prescription drugs otherwise excluded are not covered, regardless of whether preferred generic, preferred brand name, or non-preferred.

[7] "Emergency care" means all services delivered in an emergency care facility which are necessary to screen and stabilize a covered person. The plan must cover this care if a prudent lay person having average knowledge of health services and medicine and acting reasonably would have believed that an emergency medical condition or life- or limb threatening emergency existed.

NOTICE OF
PROTECTION PROVIDED BY
LIFE AND HEALTH INSURANCE PROTECTION ASSOCIATION

This notice provides a **brief summary** of the Life and Health Insurance Protection Association ("the Association") and the protection it provides for policyholders. This safety net was created under Colorado law, which determines who and what is covered and the amounts of coverage.

The Association was established to provide protection in the unlikely event that your life, annuity or health insurance company becomes financially unable to meet its obligations and is taken over by its Insurance Department. If this should happen, the Association will typically arrange to continue coverage and pay claims, in accordance with Colorado law, with funding from assessments paid by other insurance companies.

The basic protections provided by the Association are:

- Life Insurance
  - $300,000 in death benefits
  - $100,000 in cash surrender or withdrawal values
- Health Insurance
  - $500,000 in hospital, medical and surgical insurance benefits
  - $300,000 in disability insurance benefits
  - $300,000 in long-term care insurance benefits
  - $100,000 in other types of health insurance benefits
- Annuities
  - $250,000 in withdrawal and cash values

The maximum amount of protection for each individual, regardless of the number of policies or contracts, is $300,000. Special rules may apply with regard to hospital, medical and surgical insurance benefits.

Note: Certain policies and contracts may not be covered or fully covered. For example, coverage does not extend to any portion(s) of a policy or contract that the insurer does not guarantee, such as certain investment additions to the account value of a variable life insurance policy or a variable annuity contract. There are also various residency requirements and other limitations under Colorado law.

To learn more about the above protections, as well as protections relating to group contracts or retirement plans, please visit the Association's website http://colorado.lhiga.com, email jkelldorf.com or contact:

Colorado Life and Health Insurance Protection Association P.O. Box 36009 Denver, CO 80236 (303) 292-5022	Colorado Division of Insurance 1560 Broadway, Suite 850 Denver, CO 80202 (303) 894-7499

Insurance companies and agents are not allowed by Colorado law to use the existence of the Association or its coverage to encourage you to purchase any form of insurance. When selecting an insurance company, you should not rely on Association coverage. If there is any inconsistency between this notice and Colorado law, then Colorado law will control.
